Yarram Secondary College

Internet and ICT Acceptable Use

2023

Date ratified by Staff: August 2019
Date ratified by School Council: N/A
Review date: June 2023

1. Context

Yarram Secondary College is an innovative, safe school that delivers relevant curriculum and promotes rigour, relationships and lifelong learning and uses a school wide computer network to support effective student learning across the school's curriculum. This network also provides student access to the Internet and email.

It is important that parents, staff and students are familiar with the guidelines as stated in the accompanying *Internet and Information Communication Technology Acceptable Use Policy*. The Department of Education, Victoria requires that all schools have an ICT Acceptable Use Policy.

2. Rationale

Yarram Secondary College has a vision to be a high end provider of a Digital Learning program for all students that enables interaction in pedagogical practices to engage students with the curriculum. The program provides a vehicle for a personalised learning program and supports a inquiry approach to creating curriculum.

In keeping with the National Educational Goals for Young Australians, we aim to promote and to lead world's best practice for curriculum delivery and assessment and improve the educational outcomes for all students.

This policy provides direction to staff, students and parents/caregivers on procedures, responsibilities and expectations with regard to the Digital Learning program. The School Council has endorsed the program and approved the financial commitment based on a formal discussions and feedback on parent payment advice.

The student use of their account will / must be in support of, and consistent with, the educational objectives of the School, the School's *Student Engagement and Inclusion Policy* and the *Information Communication Technology Acceptable Use Policy and Agreement*. Failure to follow these will result in the loss of privilege to use these facilities.

Although we have established Acceptable Use policies, please be aware that there may be unacceptable material or communications on the Internet that your child can access. Department of Education Victoria provides a filtered internet feed to all schools and teachers will always exercise their duty of care, however protection against exposure to harmful information on the Internet must depend finally upon responsible use by students.

In summary these refer to -

1. *Purpose of the School network and Internet access*. This gives students the benefit of coordinated networked computers and information technology facilities for educational purposes - their daily classwork as well as for research purposes. The provision of Internet access provides connections to resources world- wide, as well as facilitating local, regional and world- wide communication through email.

2. *Types of information available and intellectual ownership.* Students may access a range of appropriate information via the Internet as well as use computer software installed on the network. The use of these resources is subject to copyright law.
3. *User responsibilities.* Students are responsible for all activity carried out on their personal network account.
4. *Personal security.* Students are not to disclose personal information - their own or other people's, on the Internet.
5. *Consequences.* Inappropriate use of the network facilities, including the Internet or *email* will incur the loss of access to these facilities.

3. Guidelines

This policy sets out guidelines for the acceptable use of which are provided to students for educational purposes only:

- *the School's computer network facilities*
- *installed computer software*
- *the Internet*
- *electronic mail*

Acceptable use issues may be broadly categorized as personal conduct relating to:

- *System security*
- *Legal requirements*
- *Ethical use of Department of Education Victoria's computer network facilities at Yarram Secondary College.*
- *Standards of interpersonal communication.*

Benefits to students - Students will have access to

- *A variety of equipment, software and services to support effective learning.*
- *Information sources for research via network facilities and the Internet.*
- *Network facilities before school and during lunch breaks.*

Procedures for use - Students are expected to

- *Operate all equipment with care. Follow written and oral instructions for room and equipment use. Consult a teacher where necessary.*
- *Ensure personal security of their user account by correctly logging on and off.*

4. Responsibilities

4.1 Students are responsible for all activity carried out on their personal network account.

Students are made aware through this policy and acceptable terms agreement that by receiving and using notebooks, iPad or other devices that they are to abide by the following rules and responsibilities:

- ***Only notebooks purchased with parent contribution are the property of the student / family, all other school issued notebooks remains the property of Yarram Secondary College that I may use it at school and home for school work.***

- *I will take good care of my netbook/notebook. This includes keeping it in its case, storing it carefully in my bag or locker, placing it safely on my desk or table, storing it in a secure and safe place and being diligent with it at all times.*
- *I will bring my netbook/notebook to school with me every day.*
- *I will not loan my netbook/notebook to anyone else.*
- *I will not give anyone else my login or internet password.*
- *I understand that I am only allowed to access the internet through the schools internet connection whilst I am using my netbook/notebook at school.*
- *I will not use any websites, software or an alternative connection method that bypasses the schools internet filtering system.*
- *I alone will be responsible for backing up my own data by using a USB drive, backing up to my personal drive on the school server, syncing to my Google Drive or using my own alternative form of backup.*
- *I will not try to fix my own netbook/notebook or allow anyone other than the school technician to fix it for me.*
- *If there are any faults found with my netbook/notebook, I must report it to the school technician immediately. I understand that I will be without my netbook/notebook for an undisclosed period of time while the fault is fixed (this will vary due to the nature of the fault).*
- *I am aware that if my netbook/notebook needs reformatting or reimaging due to any circumstances that any personal data, software or settings will no longer remain on the netbook/notebook when it is returned to me.*
- *My netbook/notebook must be kept in pristine condition whilst in my care and I am not allowed to disassemble my netbook/notebook or remove any stickers from it, including the college skin.*
- *I will not graffiti or put any stickers on my netbook/notebook.*
- *I will keep food and drink well away from my netbook/notebook.*
- *I will not alter any of the software that is already installed on my netbook.*
- *I will not play any games on my netbook/notebook during class time unless specifically given permission to by my teacher.*
- *I will not install any illegal software or P2P software (e.g. LimeWire or any form of torrent program) on my netbook/notebook.*
- *I will only download and store appropriate material to my netbook/notebook. This means no inappropriate material such as pornographic, obscene, racist, discriminatory, violent or vulgar images, sounds, music, language or materials.*
- *I will not upload or store any pornographic, obscene, racist, discriminatory, violent or vulgar images, sounds, music, language or material on my school or personal Google Drive.*
- *I am aware that any user activity on my netbook/notebook can be monitored and logged whilst I am at school.*
- *I will follow Yarram Secondary College's network policy at all times and understand that if I do the wrong thing that consequences will apply.*

4.2 Parent/Guardian Responsibilities

As a parent/guardian of a student in the netbook program at Yarram Secondary College, I acknowledge that:

- *ALL data stored on ALL netbook/notebooks can be accessed by the school.*
- *I am responsible for monitoring my child's use of the netbook/notebook whilst it is at home.*
- *I understand that the use of internet at home is totally my responsibility (this includes any financial costs as well as any setup that is required).*
- *I will be responsible for any excess fees in case of the netbook being damaged or lost that is not covered under the warranty terms.*

- *If the netbook/notebook is damaged or not working properly, it must be returned to the Yarram Secondary College technology staff for repairs. I will not attempt repairs myself or contract with any other individual or business for the repair of the netbook/notebook as this may void warranty.*

4.3 School Responsibilities

4.3.1 Cyber Safety

The school will maintain its e-smart credentials and ensure that staff, students and parents/caregivers are familiar with the content of the 2009 document *Cyber-safety: keeping children safe in a connected world: Guidelines for schools and preschools* (available at www.decs.sa.gov.au/speced2/pages/cybersafety).

4.3.2 Internet

The school provides internet connectivity through the eduSTAR.ISP service that provides student email accounts which allow students to join and manage many online tools and environments in a highly controlled and protected environment for student safety.

4.3.3 YSC BYOD (Bring Your Own Device) Agreement

This agreement, in accordance with DET Victoria and the *Education and Training Reform Act 2006* (Sections 2.2.4(1), 2.3.6(1) (c), 2.2.) ensures that Yarram Secondary College provides our students with equitable access to electronic devices such as laptop computers or tablets with our implementation of the 1-to-1 learning programs and seeks financial contributions from parents consistent with the *Parent Payments Policy*.

The YSC BYOD Agreement must be fully read, understood and signed by both the student and their parents/guardians before any personal device is connected to the college's wireless network.

Minimum Device Specifications

Your device must meet the minimum requirements listed on this page before it is allowed to be connected to the school's wireless network.

Note: devices such as smartphones and music devices (e.g. iPods) are deemed as unsuitable devices by the college and will not be allowed to connect to the school's network.

Windows Laptops

- *Windows 10 and later*
- *4gb RAM or more*
- *128gb hard drive or above*
- *Wireless N standard or above*

Mac Laptops

- OS X 10.15 (Catalina) and above

iPads

- iOS v12 and above

Android Tablets/Chromebooks

- Unsupported at this stage

BYOD vs School Purchased Laptop Support

	BYOD (Bring Your Own Device)	School Purchased Laptop
Access to school wireless/internet	YES	YES
School based technical support*	LIMITED	YES
Access to school printers	YES	YES
Access to school personal drives**	NO	YES
Access to school purchased software	NO	YES
Software support	NO	YES
Hardware support	NO	YES
Onsite warranty support	NO	YES
Insurance options	NO	YES

***School based technical support for BYOD machines will only include the following:**

Installing school approved antivirus/antispyware software (does not apply to tablet devices at this stage). Any existing AV software will be removed and all devices will be fully scanned before being connected to the school network.

Installing AB Tutor for monitoring BYO devices during school hours

Installing SCCM client for partial MDM (Windows devices only)

Connecting the device to the school wireless system and internet

****Students will not be allowed access to their personal drive (aka P Drive) or any school shared folders from their personal device for security reasons.**

All students are given a Google Drive account where they can store and retrieve their files on any device using a web browser or the Google Drive app. If students need to transfer files from their P Drive or other shared folders to their Google Drive, they will need to use a school based machine to do so.

Instructions on accessing Google Drive will be sent to all students via e-mail.

Additional Information & BYOD Policies

- **One** device per student.
- Students are allowed to switch personal devices once per year. The original device will be removed from the network before the new one is added.
- Devices purchased through the school will receive priority support over student personal devices.
- Students/parents may be required to purchase software or apps if needed for a class. School licenced software does not cover student personal devices.
- The school is in no way liable for any loss or damage that occurs to the student's personal device on school grounds.
- Any software or hardware issues that are not covered in the school's BYOD policy must be taken to the original place of purchase or a 3rd party repair agent to be resolved. Any requests to the school to fix these types of issues will not be met.
- The school will not accept payments to fix any software or hardware issues that are not covered in the school's BYOD policy as this is also against Department of Education policy.
- The school's IT and network policies also applies to personal student devices (information attached). In the case of any of the policies and/or rules being broken, the student's personal device will be removed from the network for a period of time. The student can then borrow a school machine from the library or will be temporarily assigned a netbook by the IT Department. If any damage occurs to their loan machine, repair fees must be paid before the personal device is connected back to the network.
- Any software deemed to be intentionally harmful or break any of the school's IT or network policies can be requested to be removed by any school staff member. The device can be denied access to the school's network until this has been achieved.
- Removal of the antivirus or AB Tutor software from applicable personal devices will also result in the device being removed from the network for a period of time.

Section 1 – Student Responsibilities

As a student, I am aware that by receiving and using this notebook that I am to abide by the following rules and responsibilities:

- **Only notebooks purchased with parent contribution are the property of the student / family**, all other school issued notebooks remain the property of Yarram Secondary College that I may use it at school and home for school work.
- I will take good care of my notebook/tablet. This includes keeping it in its case, storing it carefully in my bag or locker, placing it safely on my desk or table, storing it in a secure and safe place and being diligent with it at all times.
- I will bring my notebook/tablet to school with me every day.
- I will not loan my notebook/tablet to anyone else.
- I will not give anyone else my login or internet password.
- I understand that I am only allowed to access the internet through the school's internet connection whilst I am using my notebook/tablet at school.
- I will not use any websites, software or alternative connection methods that bypasses the school's internet filtering system.
- I alone will be responsible for backing up my own data by using a USB drive, backing up to my personal drive on the school server, syncing to my Google Drive or using my own alternative form of backup.
- I will not try to fix my own notebook or allow anyone other than the school technician to fix it for me (**student personal devices are not covered in this clause**)

- If there are any faults found with my notebook, I must report it to the school technician immediately. I understand that I will be without my notebook for an undisclosed period of time while the fault is fixed (this will vary due to the nature of the fault). **(Student personal devices are not covered in this clause)**
- I am aware that if my notebook needs reformatting or reimaging due to any circumstances that any personal data, software or settings will no longer remain on the netbook/notebook when it is returned to me. **(Student personal devices are not covered in this clause)**
- My notebook/tablet must be kept in pristine condition whilst in my care and I am not allowed to disassemble my netbook/notebook or remove any stickers from it, including the college skin.
- I will not graffiti or put any stickers on my notebook/tablet.
- I will keep food and drink well away from my notebook/tablet.
- I will not alter any of the software that is already installed on my notebook/tablet **(student personal devices are not covered in this clause)**.
- I will not play any games on my notebook/tablet during class time unless specifically given permission to by my teacher.
- I will not install any illegal software or P2P software (e.g. LimeWire or any form of torrent program) on my notebook/tablet.
- I will only download and store appropriate material to my notebook/tablet. This means no inappropriate material such as pornographic, obscene, racist, discriminatory, violent or vulgar images, sounds, music, language or materials.
- I will not upload or store any pornographic, obscene, racist, discriminatory, violent or vulgar images, sounds, music, language or material on my school or personal Google Drive.
- I am aware that any user activity on my notebook/tablet can be monitored and logged whilst I am at school.
- I will follow Yarram Secondary College's network policy at all times and understand that if I do the wrong thing that consequences will apply.

Section 2 – Parent/Guardian Responsibilities

As a parent/guardian of a student in the netbook program at Yarram Secondary College, I acknowledge that:

- *ALL data stored on ALL notebooks/tablets can be accessed by the school.*
- *I am responsible for monitoring my child's use of the notebook/tablet whilst it is at home.*
- *I understand that the use of internet at home is totally my responsibility (this includes any financial costs as well as any setup that is required).*
- *I will be responsible for any excess fees in case of the netbook being damaged or lost that is not covered under the warranty terms **(Student personal devices are not covered in this clause)**.*
- *If the netbook/notebook is damaged or not working properly, it must be returned to the Yarram Secondary College technology staff for repairs. I will not attempt repairs myself or contract with any other individual or business for the repair of the netbook/notebook as this may void warranty. **(Student personal devices are not covered in this clause)***

4.3.4 Non Warranty Charges Associated With School Notebook Computers

Each Lenovo and Dell notebook come with a standard manufacturer's warranty. This means that if the unit has a defect that is not caused by accidental or intentional damage, the unit will be repaired at no cost to the user.

****Note for notebooks purchased with parent contribution (Lenovo laptops) – the insurance excess must be paid for in full at the same time when the machine is purchased. Insurance cannot be purchased after the machine has been ordered and received. This is because the school itself is not handling insurance for these machines as we have found a cheaper alternative through our supplier. A \$100 excess fee will need to be paid for each insurance claim that is made.***

5. Agreement Declaration

Student Netbook and Computer Network Use

I have read the agreement document regarding the use of Student Netbook Computers for Yarram Secondary College and agree to abide by the terms and conditions

Student Agreement

I have read and understand the *Information Communication Technology Acceptable Use Policy and Agreement*.

- I understand that the school's ICT network provides me with access to a range of essential learning tools, including the internet. I understand that the internet can connect me to useful information stored on computers from around the world.
- While I have access to the school's ICT network: I will only use it for educational purposes; I will not undertake or look for anything that is illegal, dangerous or offensive; and I will not reveal my password or allow anyone else to use my school account.
- Specifically in relation to e-mail and internet usage, I will: clear any offensive pictures or information from my screen; and immediately quietly inform my teacher.
- I will not: reveal home addresses or phone numbers – mine or that of any other person; or use the school's ICT network (including the internet) to annoy or offend anyone else.
- I understand that if the school decides I have broken the rules for using its ICT network, appropriate action will be taken, which may include loss of access to the network (including the internet) for some time.

_____ (Student's name)

_____ (Student's signature) _____ (Date)

Parent or Carer Agreement

I have read and understand the *Information Communication Technology Acceptable Use Policy and Agreement*.

- I understand that the school provides my child with access to the school's network (including the internet) for valuable learning experiences. In regards to internet access, I understand that this will give my child access to information on computers from around the world; that the school cannot control what is on those computers; and that a small part of that information can be illegal, dangerous or offensive.
- I accept that, while teachers will always exercise their duty of care, protection against exposure to harmful information should depend finally upon responsible use by students/my child. Additionally, I will ensure that my child understands and adheres to the school's appropriate behaviour requirements and will not engage in inappropriate use of the school's ICT network.
- I believe _____ (name of student) understands this responsibility, and I hereby give my permission for him/her to access and use the school's ICT network (including the internet) under the school rules. I understand that students breaking these rules will be subject to appropriate action by the school. This may include loss of access and usage of the school's ICT network for some time.

_____ (Parent/Guardian's name)

_____ (Parent/Guardian's signature) _____ (Date)

6. Student Logon Details

In this section, the student must write down their username and password.

If the student is new to the college, they must write down their login name (first 4 letters of their first name and first four letters of their last name) and a password to access the netbook/network. The password must have a minimum of **8** characters and numbers and characters can be used.

If the student already has a user account on the school network, they will need to enter their current login information in the fields below. (Please note: if the password given is different to their current network password, the password on this form will replace their current network password.)

Student Username: _____

Student Password: _____

Student Year Level: _____
